## Habitual Constipation

May be permanently overcome by proper personal efforts with the assistance of the one truly beneficial laxative remedy, Syrup of Figs & Elixir of Senna, which enables one to form regular habits daily so that assistance to nature may be gradually dispensed with when no longer needed, as the best of remedies when required are to assist nature, and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally. To get its beneficial effects always buy the genuine.

### PUTNAM

This change will bring the terminals of all the trolley lines entering Central Village on parallel tracks and within a few feet of each other. These lines are the one to Norwich, the one to Danielson, Putnam and Webster, and the one to Moosup.

The change will be effected by building a stretch of track from the present terminal of the Moosup-Central Village line around the west end of the building occupied as a grain store, barber shop and dwelling and then running northward to the terminal point. The new track will be close to the rails of the steam road on the east side and parallel with them. The rails and ties to be used in the work were expected to arrive Wednesday. Only a few days will be required to complete the work, which will be done by men in the employ of the Connecticut company.

### 2,500 Feet of Sewer Completed.

About 2,500 feet of the new sewer through Dyer street has been excavated and the pipes laid. The work is going on smoothly and up to Wednesday the total amount of rock excavation had amounted to only nine cubic yards. The men are now digging at the top of the hill on Dyer street and the trench at that point is sixteen feet in depth. The soil along the stretch of route already covered has been for the most part sand and loam, and the new level of the sewer is that this sort of digging will be found nearly all the distance through Dyer street and into Water street. Dyer street has been closed to travel excepting for a short distance because of the work under way.

### ELEVATING TROLLEY TRACKS.

Those on Dyer Street to Be Raised Five and One-half Feet.

Roadmaster Thomas Gannon and a gang of laborers in the employ of the Connecticut company commenced the work of elevating the trolley tracks on lower Dyer street Wednesday morning. The tracks are to be elevated for a distance of about three hundred feet to the new level, and the work will require from one week to ten days. The tracks are to be raised at the foot of the Dyer street hill, a total of five feet and one-half from their present level, and the new level of the track when the work is completed will be from three to five feet higher over nearly the entire distance to be changed.

Hydraulic jacks were being used on Wednesday to lift sections of the track from its place in the roadbed. The track is lifted about six inches at a time for a distance of several yards and then gravel is tamped under the wheels in position. The operation will be repeated until the track has been raised the required distance. As the track continues to be elevated to its new level the roadbed will be built up underneath it, from 200 to 1,500 yards of gravel being required for this purpose. The change under way will not interfere with the running of the cars to a greater extent than to cause them to run slowly where the work is going on.

The change in the level of the trolley tracks is being made at the same time as a similar change in the street level. When completed, lower Dyer street will be greatly changed in appearance and the hollow where the Anderson, Frazer and Whalen places are located will be filled in such a way as to make almost a level stretch of highway to the hill north of Fall brook.

The laws skirting the street at the Anderson and Frazer places will be about five and one-half feet below the street level. It is understood that Mr. Frazer is unwilling to agree on any settlement for the manner in which his property is to be affected by the change.

### Borough Briefs.

The county commissioners made another visit to the jail at Brooklyn on Wednesday. The temperature went up to 74 degrees Wednesday, making it one of the most delightful of autumn days. H. C. Brooks of Boston has been a recent visitor in Danielson.

### CHARLES WYMAN

Arrested in Worcester for Theft of Clothing--Meant to Learn Mill Business.

A dapper young man calling himself Charles Wyman, will be presented in the city court today to give some more specific information about himself than was in the possession of Putnam people Wednesday.

Wyman's first appearance in Putnam was on Tuesday evening when he called at the somewhat exclusive boarding house of S. E. Williams on Elm street and applied for a room. He was finally accommodated after saying that he would be satisfied with such provision as could be made for him.

Wyman represented himself as the son of a wealthy father; said that he came here to learn the mill business and prepare to be a superintendent. He said he was to be at the Monohansett mill. He told about owning a touring car and many other things to establish his standing.

Wyman came down from his room after nine o'clock Wednesday morning and a few hours later Chauncey C. Talbot and Emile Benoit, two other boarders at the Williams house, found that some of their clothing was missing. Talbot missed an overcoat and Benoit a suit of clothes. The value of the stolen goods was upwards of \$40.

The matter was reported to the police, but Wyman could not be found.

Late Wednesday afternoon a telephone message from the police of Worcester brought the information that Wyman was a prisoner in that city awaiting instructions from Putnam. A little later another telephone message came from Mr. Talbot announcing that he happened to go to Worcester Wednesday afternoon on other business, saw Wyman on the street and had him arrested.

Talbot arrived in Putnam with Wyman handcuffed to him on the six o'clock train from Worcester. Wednesday evening, Captain Murray took the bonanza crook in charge.

### WEDDING.

White-Kent.

At the home of Mr. and Mrs. Ernest Bliss Kent on Grove street, Wednesday noon, their daughter, Miss Edith Bliss Kent, and Arthur Margoyette White of Attleboro, Mass., were united in marriage. The officiating clergyman was Rev. Edward Holyoke of Calvary Baptist church, Providence.

Rev. C. A. Ferguson of the Advent church, this city, the double-ring service was used. The house was prettily decorated, pink and white being the principal colors used in the decorations.

The wedding march from Lohengrin was played by Miss Bertha Sargent as the bridal couple entered for the ceremony.

The bridesmaids were Miss Marie Thibault of Hartford and Miss Alice Harrall of Providence. Vernon O. White, a brother of the groom, was best man.

Mrs. Edward Warren of Ansonia was matron of honor and Miss Alice White of Attleboro, sister of the groom, was flower girl. The ushers were Carl T. Kent, a brother of the bride, and Frederick Alton of Lexington, Mass.

The bride's gown was of white silk chiffon and she wore a veil and carried bride roses. The bridesmaids wore pink silk.

A reception followed the ceremony, which was attended by many relatives and friends from Putnam and other cities.

After a wedding trip, Mr. and Mrs. White will live at 40 Dean street, Attleboro, in which city Mr. White is with a silver manufacturing firm.

### No Protest from Property Owners.

None of the abutting property owners on School and Mechanic streets likely to be affected by the proposed change in grade appeared to make objection at the common council meeting held Tuesday evening. The city will go forward with the improvement as soon as necessary details can be worked out. The change in grade is generally regarded as likely to be of much benefit.

Mr. and Mrs. George A. Soule of Sunnyside street left Tuesday for De Land, Volusia county, Florida, to spend the winter.
